NEW G6

RWD Standard Range	RWD Long Range	AWD Performance
€42,000*	€49,440*	€54,500*

*Prices reflect model entry pricing after VRT relief and SEAI grant and do not include dealer delivery charges or optional extras

DIMENSIONS

	RWD Standard Range	RWD Long Range	AWD Performance
Curb Weight (kg)	2065 without tow bar 2080 with tow bar	2115 without tow bar 2140 with tow bar	2220 without tow bar 2240 with tow bar
Gross Vehicle Mass (GVM) (kg)	2535	2590	2690
Maximum payload (kg)	470 without tow bar 450 with tow bar	475 without tow bar 450 with tow bar	470 without tow bar 450 with tow bar

Number of Seats	5
Track Front / Rear (mm)	1635 / 1650
Luggage rack load (kg)	75
Trunk Space (L)	571 ①
Electric towing hook capacity (kg)	Vertical 75; Horizontal 1500 (with brake) / 750 (without brake)

① 1374L with rear seats folded

EXTERIOR

Wheels

RWD Standard Range	RWD Long Range	AWD Performance
● 20-inch wheels	● 20-inch wheels	● 20-inch wheels

Exterior Colours

- Rear tow hook (electric) ***Optional extra**
- LED Auto-sensing high beams and Dipped Headlights
- LED Auto On / Off Headlights
- Electric release door open button
- Hidden door handles
- Rain sensing automatic wiper
- External rearview mirror (with electric folding / heating / memory / blind spot monitoring)
- Soundproof glass (front windshield / first row)
- Privacy glass (second row / rear windshield) ②
- Four-door glass one-touch lifting with anti-pinch function
- Panoramic skylight-free sunshade with heat insulation layer

① Only AWD Performance can be optionally equipped with Black Edition; ② Different configurations by country

INTERIOR

- Capacitive steering wheel
- Streaming media mirror
- Nappa leather
- Microfiber ceiling material
- Wireless charging with ventilation 50W*2
- Ambient light colors Number: 256
- USB Type-A *1
- USB Type-C *3

Interior Colours

Dark Grey

Light Grey

Sound System

- XPENG XOPERA 2.0 Surround Sound System (16 speakers)

Air Conditioning & Heat Pump

- Automatic air conditioning & heat pump air conditioning
- PM2.5 filtration / monitoring and display
- In-car air purification system - N.95 filtration & pollen filtration

First Row Seats

Driver seat electric adjustment:
12 way (including 4-way Lumbar Support)

Front passenger seat electric adjustment:
10 way (including 4-way Lumbar Support)

- Front seats Heating
- Front seats ventilation
- Seat position memory
- Seat welcome function

Second Row Seats

- Second row seat backrest adjustment
- Foldable rear seats (60/40)
- Second row seat heating ①
- Second row seat center armrest / armrest cup holder

① Different configurations by country

COMPREHENSIVE PERFORMANCE

	RWD Standard Range	RWD Long Range	AWD Performance
Power output (kW)	185	218	358
Torque (N·m)	440	440	660
Acceleration (0~100km/h) (s)	6.9	6.7	4.13
WLTP Driving Range (km)	470	525	510
Energy consumption kwh/100km	16.9	17.9	18.4

Cell Type	LFP
Gross battery capacity (kWh) AC	68.5 - 80.8
charging power (kW)	11
AC charging time (5–100%) (h) DC	7.3 - 9.2
Max charging power (kW) DC	382 - 451
charging time (SOC 10-80%)	12min
V2L (Vehicle to Load)	Standard

Drag Coefficient	0.248 Cd
Top Speed (km/h)	202
Charging port type	European standard CCS2
Suspension System Drive mode	Front double wishbone suspension ECO Mode / Comfort Mode / Sport Mode / Individual Mode / Launch Mode / Escape Mode Front and
OneBox Braking System	Rear Ventilated Braking Discs

XPILOT ASSIST

XPILOT Assist Driving

- Adaptive Cruise Control (ACC)
- Lane Centering Control (LCC)
- Adaptive Turning Cruise (ATC)
- Active Lane Change (ALC)

XPILOT Assist Parking

- Surrounding Video System
- Enhanced AutoParking Assist
- Auto Exit Parking Assist
- Remote Parking Assist with Phone and Key
- Remote Vehicle Summons

Hardware System

Processor: NVIDIA® Orin-X

XPILOT Assist Safety

Forward Collision Prevention
- Forward Distance Monitoring (FDM)
- Forward Collision Warning (FCW)
- Autonomous Emergency Braking (AEB)
- Traffic Sign Recognition (TSR)
- Speed assistant system (SAS)
- Intelligent High Beam (IHB)

Side Collision Prevention
- Blind Spot Detection (BSD)
- Door Open Warning (DOW)
- Lane Departure Warning (LDW)
- Emergency Lane Keeping (ELK)
- Lane Keep Assistance (LKA)

Rear Collision Prevention
- Rear Collision Warning (RCW)
- Rear Cross-Traffic Alert (RCTA)

Driving Recorder ①
Driver State Monitoring

① Different configurations by country

XOS COCKPIT

Hardware

Digital dashboard : 10.25"
Central Control Screen: 15.6"

- Mobile Phone Bluetooth key
- UWB smart remote control key

Software

- "Hey XPENG" Voice Assistant ①
- Voice control
- Smart Navigation ②
- App store
- Apple Carplay / Android Auto
- Automatic Mobile Phone Unlocking
- Welcome Mode
- Meditation Mode
- Over-the-air (OTA)
- Connectivity network

① 4 Zone, Full-scenario Voice Assistant with Intelligent Recommendation; ② Different configurations by country

SAFETY

- Tire-pressure monitoring system (TPMS)
- Seat belt fastening reminder
- Rear ISOFIX®
- Autohold
- E-call
- Acoustic Vehicle Alerting System (AVAS)
- 7 Airbags system

● Standard Configuration; ○ Optional Configuration; — No such configuration

1. The vehicle configuration information is only applicable to the corresponding models produced within a certain production month, and the vehicle configuration information produced during different production months might be different. The battery range and charging time are for reference only, and vary depending on the actual circumstances. The configuration table is only for reference, and the actual situation should be based on the actual vehicles sold by the sales store. XPENG has the right to explain and reserve the right to change technical parameters, configuration and other product information within the scope enforced by laws and regulations.
2. Unless otherwise noted, the performance data in the table are tested under standard configuration.
3. XPILOT intelligent driving system is a driving assistance function and cannot cope with all traffic, weather and road conditions. The driver must always pay attention to observe the current traffic situation. If the automatic assist driving system fails to provide proper steering assistance or maintain proper distance and speed, the driver must actively intervene. Please read all information about XPILOT in the driver manual to better understand the limitations of this system. The driver should be aware of these restrictions before using XPILOT. Please be cautious during complex and changeable traffic conditions, icy and snowy roads, wet and slippery weather, stagnant or muddy roads, poor visibility, rugged mountain roads, or highway exits.
4. The acceleration data is obtained through tests and the actual 0-100 acceleration capability may vary due to different driving skills, remaining capacities, battery temperatures, road conditions, etc.
5. The actual range may differ from the calculated WLTP range, depending on the driver's driving style, speed, number of occupants, vehicle load, outdoor temperature, air conditioner use, terrain, vehicle condition, etc.
6. Actual DC charging time may vary depending on a variety of factors, including vehicle condition, ambient temperature, the initial state of charge, battery condition, and charger type.

Black Edition	€1,190

All information and illustrations in this document are based on data available at the time of printing and are subject to change without notice. Please contact your local XPENG dealer for the latest information

1 - WLTP range and consumption values are obtained under standard EU test conditions, in accordance with the uniform provisions for vehicle approval engine with regard to emissions, based on the new globally harmonized test procedure for light vehicles (WLTP). Actual range and energy consumption figures may vary depending on a number of factors such as weather, traffic conditions, vehicle load and driving styles.

2 - Electricity consumption is calculated in accordance with Regulation (EU) 2017-1151.

3 - Charging times and charging speed may vary depending on different factors such as battery temperature, characteristics of the charging infrastructure and state of charge. A CCS2 DC charger with a power greater than 300kW and an adequate ambient temperature (25°C) are required to achieve maximum charging speed.

4 - Acceleration data is obtained through testing and the actual acceleration capacity from 0 to 100 may vary due to different driving skills, remaining capacities, battery temperature, road conditions

5- The XPILOT intelligent driving system is a driving assistance function and cannot cope with all traffic, weather and road conditions. The driver must always be attentive to the current traffic situation. If the automatic driver assistance system fails to provide adequate steering assistance or maintain an appropriate distance and speed, the driver must actively intervene. Please read all information about XPILOT in the driver's manual to better understand the limitations of this system. The driver should be aware of these restrictions before using XPILOT. Use caution during complex and changing traffic conditions, icy and snowy roads, wet and slippery weather, stagnant or muddy roads, poor visibility, rough mountain roads or highway exits

6 - 4G connectivity - Free subscription for one year following the first activation including 4GB per month - Subscription at €10 per month thereafter - Contact your XPENG dealer for more details

7 - Apple CarPlay is a registered trademark of Apple Inc. in the United States and other countries. Please check regional availability of Apple CarPlay at www.apple.com/ios/feature-availability/#apple-carplay.
Android and Android Auto are registered trademarks of Google LLC. Please check Android Auto availability by region at g.co/androidauto/requirements.
To use Android Auto wireless on your car screen, you need an Android-compatible smartphone and an active data plan. You can check which smartphones are compatible at g.co/androidauto/requirements.
To use Android Auto on your car screen, you need an Android phone running Android 8 or higher, an active data plan, and the Android Auto app
